BAMA ESSENTIALS - THAT'S ALL YOU NEED

People love shoes. A well-groomed appearance and a comfortable feel are a matter of course. Shoe cleaning and care contribute directly to maintaining the beautiful appearance and value of shoes. The right insole is what makes a shoe an individual shoe that feels better and is worn for longer.

BAMA ESSENTIALS stands for the quality promise of a well-known brand combined with an appealing and well thought-out packaging design and a range of products oriented towards needs.

BAMA ESSENTIALS is well-known brand quality at a fair price - simply the smart choice.

ASSORTMENT STRUCTURE

DISTINGUISHABILITY

BAMA ESSENTIALS products are easy to distinguish and stand for quick, simple orientation and clarity in product understanding. The main areas of application in the product categories are visually distinguished by means of different segment colours.

1. Cleaning, care, protection and freshness: differentiation according to surface material, because different materials need different care products.
2. Comfort insoles: differentiation according to benefits comfort, freshness, barefoot and warmth. Leather products form their own category.
3. Shoe accessories: no visual orientation is necessary here. The descriptive product name contains the type of application and function (e.g. Protector or Cleaner). Further information on the product can be found on the front view as required.

The application instructions and the characteristics of the product performance are on the back of the package.

THE ASSORTMENT CLEANING, CARE, PROTECTION AND FRESHNESS

Shoes are not only a means of transport, but also an expression of personality and style. BAMA ESSENTIALS products for cleaning, care, protection and freshness contribute directly to maintaining the value of shoes and make them look like new. The QR code on the back of the pack makes it quick and easy to watch an application video for each product. So that your favourite shoes look beautiful for a long time. Every day.
